

# Pathway

A guide to the paths as a competitive Table Tennis player.

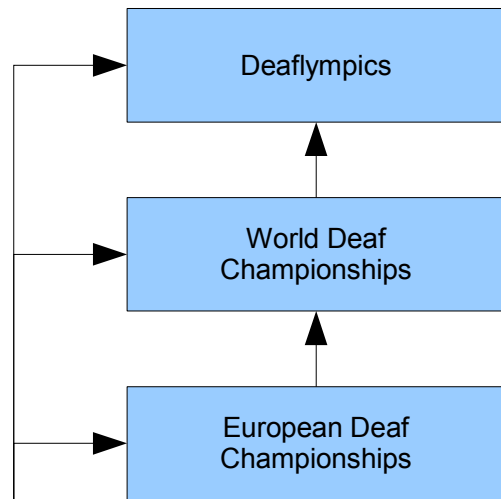

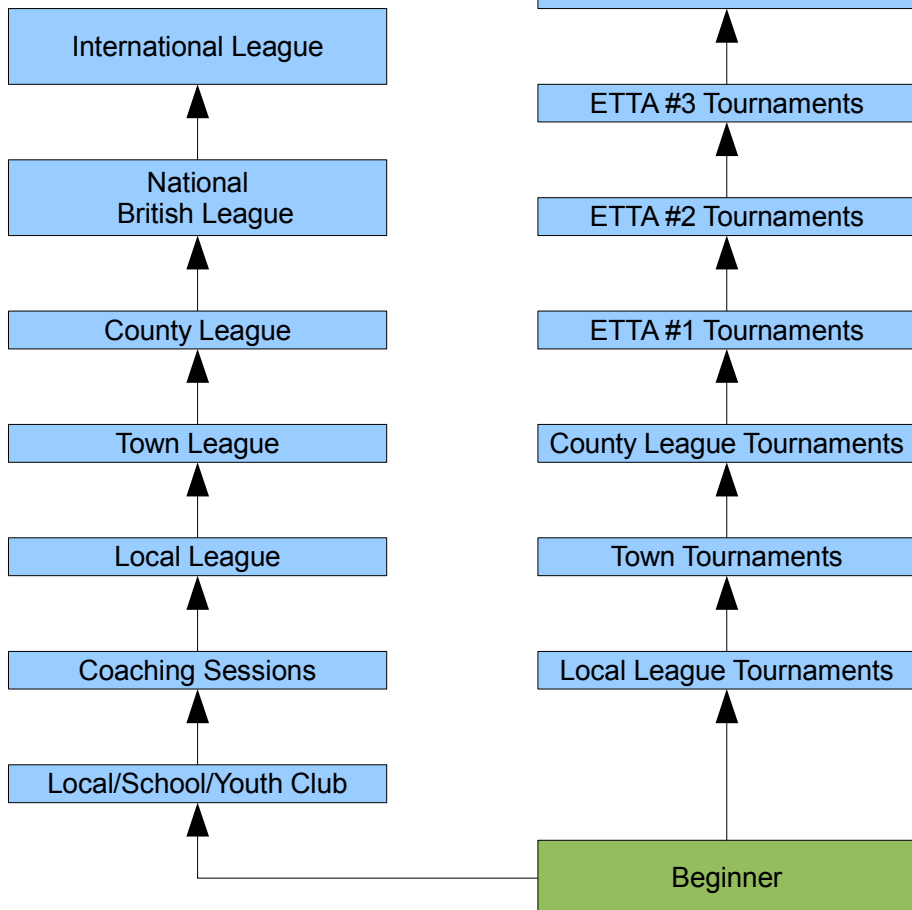

Note: This flow chart is only meant as a guide to the general pathway that someone could take.

There are various other events, not included such as, Chippenham series, Stiga Junior series, UK School games etc.

This chart covers all ages from under 13's, Cadets, Juniors, Seniors & Veterans, for both male and female players.

Each age category has their own tournaments & leagues, but still generally follow the pathway as laid out here.

The linking lines on this chart are not all progressive markers, there is some fluidity in certain areas of the chart.
