

# UKDTTA – AIMS & OBJECTIVES

The general & ultimate aim:

***To provide a squad of players (4 male & 4 female) good enough to represent Great Britain at International level in the sport of Deaf Table Tennis.***

Sub aims or objectives in order to achieve our aim above:

- ***To promote & develop deaf table tennis players from grass roots to International level for the future.*** This would be done initially through advertising and website and then Youth Development in schools to increase our member base and then attend our own training camps with our designated coach.
- ***To provide funding in order to achieve the above aim/s.*** This would be governed by our own Fund Raising Co-ordinator & committee to raise the necessary funds, by approaching companies for sponsorship; lottery funding (Awards 4 All) or simple fund raising events.
- ***To provide the pathway & governing body for Great Britain Deaf Table Tennis.*** This is achieved by having our own association (which we have,) working under the umbrella of UKDS. Ensuring that our housekeeping is in good order and that we look after our members and guide them along the pathway to achieve international deaf table tennis.
